

HIGH PRECISION MACHINING

ABOUT US

We specialize in contract machining and concurrent engineering of medium-to-large components for the aerospace, marine and power generation industries. Core competencies including 3, 4, 5, 6 and 7 axis milling and large diameter turning.

CAPABILITIES

- Large Scale Machining
 - Up to **20 ft** in Diameter
 - Up to **15 ft** in Height
 - Up to **35 ft** in Length
 - Up to **60 Tons**
- Milling, Turning, Boring
- Concurrent Engineering
- 36" – 240" product size

SPECIALTIES

- Rapid prototyping, development, and production of:
 - Large cases
 - Frames
 - Housings
 - Shafts
 - Diaphragms

We combine state-of-the-art technology with manufacturing & quality engineering expertise!
