

CAPABILITY STATEMENT

We specialize in contract machining and concurrent engineering of medium-to-large components for the aerospace, marine and power generation industries. Prior to Reno Machine ownership, TM Industries operated successfully for 62 years, with core competencies including 3, 4, 5, 6 and 7 axis milling and large diameter turning. We are a true one-stop shop for machining and manufacturing services, offering a seamless workflow including engineering, design, and precision machining. Our facility is equipped to handle both small-scale and large-scale projects, with advanced capabilities in 6- and 7-axis machining.

TM Industries LLC. is committed to meeting our customers' needs by assuring conformity to their requirements. We will accomplish this by setting measurable goals and objectives while continuously improving our processes.

CORE SERVICES

- Large Scale Machining
 - Up to 20 ft in Diameter
 - Up to 15 ft in Height
 - Up to 35 ft in Length
 - Up to 66 Tons
- Milling, Turning, Boring
- Concurrent Engineering
- 36" – 240" product size

MANUFACTURING SERVICES

- Rapid prototyping, development, and production of large cases, frames, housings, shafts, and diaphragms.
- Contract Manufacturing Support Services
- Design, Tooling, Machine and Support Equipment
- CNC/CMM Programming Services

DESIGN SERVICES

- Tool Design & Engineering
- QA/QC Inspection Engineering
- CNC Programming

DIFFERENTIATORS

- Expanded capabilities through Design Company (DECO) and Reno Machine Company
- Cutting edge, large-format manufacturing (4, 5, 6 & 7 axis)
- Over 62 years of industry experience
- Multiple 5 Axis machines
- Manufacture prototype to production hardware
- Design and build for tooling and gauging

COMPANY DATA

CAGE CODE: 6J0F3

NAICS CODES:

- **336611** Ship Building and Repairing
- **336411** Aircraft Manufacturing
- **331315** Aluminum Sheet, Plate, and Foil Manufacturing
- **332722** Bolt, Nut, Screw, Rivet, and Washer Manufacturing
- **333515** Cutting Tool and Machine Tool Accessory Manufacturing
- **541330** Engineering Services
- **336414** Guided Missile and Space Vehicle Manufacturing
- **332710** Machine Shops
- **333517** Machine Tool Manufacturing
- **332721** Precision Turned Product Manufacturing
- **333519** Rolling Mill and Other Metalworking Machinery Manufacturing
- **333514** Special Die and Tool, Die Set, Jig, and Fixture Manufacturing

SAM Registration: Active

Business Size: Small Business
